### CLME+ Small Grants Coordination Mechanism (SGCM)

to support implementation of  
**People Managing Oceans**

*Civil Society Action Programme for Sustainable Management of the Shared Living Marine Resources of the Caribbean and North Brazil Shelf Large Marine Ecosystems (CLME+ C-SAP)*

#### Small grant database – reporting form

<b>1. Donor/ fund name</b>	Belize Marine Fund (BMF)	
<b>2. Total investment</b>	State currency	USD
	State amount	264 250 as of March 2019 and 3 RfPs
<b>3. Implementation period</b>	Month and year	Continuous / Year round Type year
<b>4. Grant allocation size/range</b>	State currency (if different to number 4 above)	USD
	Give a range or cap if desired	USD \$30,000
<b>5. Funding cycles</b>	Month and year	Annually
<b>6. Provision for administrative costs of grantee</b>	Administrative costs are provided	Yes
<b>7. Co-financing requirements</b>	There are co-financing requirements	Yes
<b>8. Reporting cycles for grantees</b>	<p><i>"Grantees of the Belize Marine Fund must prepare reports throughout the duration of the project:</i></p> <ul style="list-style-type: none"> <li><i>• Interim Technical and Financial reports should be presented every six months of project development until the end of the project.</i></li> <li><i>• After project completion the Final Technical and Financial reports should be presented.</i></li> </ul> <p><i>All reports are to be presented in the required format as stipulated by Belize Marine Fund, with all required supporting documents."</i></p>	

**9. All donors involved (if a multi-donor initiative)**

*"The efforts of the Belize Marine Fund are made possible through the following support:*

- 1) Oak Foundation Endowment Challenge Grant: where the Oak Foundation has committed US\$10 million endowment funds to MAR Fund for the BMF, contingent on MAR Fund raising US\$15 million as a match. Oak will make US\$500K available annually for marine conservation in Belize for five years as the MAR Fund raises the matching funds.*
- 2) Getch Foundation: US\$500k over two years for programmatic support of projects in the areas of effective management practices of the network of coastal and marine protected areas, establishment, expansion and management of fish replenishment zones (no takes), monitoring and surveillance of spawning aggregation sites, reef and mangrove restoration and resilience, enhanced protection of flagship and keystone species for ecosystems health, promoting stewardship of resource conservation focusing on youth, and risk reduction and ocean resilience."*
